AGES **5-8** & **9-12**

after school Programs

The Links introduces Children to Golf with the **after school** program for children 5-12. This is a great option to get the kids who got excited about golf after our summer programming or just cant get enough golf. The **after school** program is designed for beginners, but because with the small class sizes Holly Gordon is able to handle varied skill levels. During the 5 week lesson series children are hitting, pitching, putting, and practicing from day one. Instructors use age appropriate games, drills, and instructional techniques during each session. FUN being the motivator, learning the objective. Children will be instructed on their grip, address position, and basic swing motion too a balanced follow through. Holly will also touch upon rules of the game, etiquette, and safety issues. Putting and chipping skills will be taught using the same simple triangular connection motion. While pitching will be taught as a mini version of the larger swing motion. As games are a big part of kids learning, they will be used regularly to motivate and monitor the children's progress. **tee** level campers will rotate between the driving range, short game area, and putting green from session to session.

Free Golf & Range Ball policy!
Rain date and Make-up policy!
