

Jr. Linksters PM

tee Program

Ages 8-10

The Links Golf Academy's introduces it's first early evening golf class for children ages 8-10. As with our other *tee* level Camps this afternoon version is designed for beginners, but don't think for a minute that golf camp is boring, on the contrary, children are hitting, pitching, putting, and practicing from day one. Instructors use age appropriate games, drills, and instructional techniques during each session. FUN being the motivator, learning the objective. *tee* level classes are designed for children looking for an introduction to golf. Children will be instructed on their grip, address position, and basic swing motion too a balanced follow through. Instructors will also touch upon rules of the game, etiquette, and safety issues. Putting and chipping skills will be taught using the same simple triangular connection motion. While pitching will be taught as a mini version of the larger swing motion. As games are a big part of kids learning, they will be used regularly to motivate and monitor the campers progress. *tee* level campers will rotate between the driving range, short game area, and putting green every session. Kids do not receive on-course play in any *tee* level camps!
